## Metalsmith Back Issue Service

Back issues of The Metalsmith are available to Guild members for only \$3.00 each, postage included.

Use your most recent copy of The Metalsmith's "How to" index to pick out the topics that interest you most. Then, if you don't already have those Metalsmiths in your collection, get them from the Guild of Metalsmiths Back Issue Service!

To order, write the Volume and Issue number(s) on the back of this form along with your mailing address if the address below is incorrect.

Include a check for \$3.00 for each issue made out to Guild of Metalsmiths.

Send it to:  
Pete Stanaitis  
2476 10th Ave.  
Baldwin WI 54002

If you have any questions about the service, contact Pete at 715-698-2894 or email him at: [spaco@baldwin-telecom.net](mailto:spaco@baldwin-telecom.net)

## Joining The Guild of Metalsmiths?

Please introduce yourself. Each month we welcome new members to the Guild and offer them a chance to tell us a bit about themselves. (who you are, your goals as a metalsmith, the services you provide, products you make, etc.) Whatever you want to share is fine. So, give us a statement of interests/services up to 254 characters long (letters and spaces). This statement is also printed in the member directory (optional).

# Goings on...

## Events in September

- September 8, Guild board meeting, home of Myron Hanson, Eagan, Mn
- September 11 & 12, Badger Blacksmiths Annual Gathering & Open Forge Weekend, Eau Claire, WI.
- September 18, Tool Making Class. Call Jim Scott at 218-328-5018, or email him at [elnjws@uslink.net](mailto:elnjws@uslink.net) for more info.
- September 18 & 19, Laura Ingalls Wilder Days in Pepin, WI.
- September 24, 25, 26, Fall Conference of the Guild of Metalsmiths

## Events in October

- Saturday & Sunday, Oct. 2 & 3, Tunnel Mill Fall Gathering between Stewartville & Spring Valley, Minnesota.
- Wednesday, Oct. 13, Guild membership meeting, no detail available at this time.

NOTE: If anyone has events out there for October or November, please send to me by **Monday, September 20** via either [forum@metalsmith.org](mailto:forum@metalsmith.org), or [gmymers@rconnect.com](mailto:gmymers@rconnect.com). Thank you!

## The Badger Blacksmiths announce...

### Annual Gathering & Open Forge Weekend

**Saturday & Sunday, Sept. 11 & 12**

**Location: Chippewa Valley Antique Engine & Model Club, south of Eau Claire, WI on Highway 37 to Porter Road. Watch for signs.**

**Cost: \$10 per day**

There is a potluck each day at noon.

Set up is on Friday, Sept. 10, with camping available.

Open to anyone interested in blacksmithing

For more information, call **Don Hogenson** at 715-265-4701 or **Dan Winrich** at 715-834-6043

The Guild of Metalsmiths Monthly Notice  
September 2004  
Vol. 6, No. 9

## The Madness will soon be upon us!

If you haven't already circled September 24, 25, and 26 on every calendar in your life, it's not too late! The Guild of Metalsmiths are proud to present our annual Fall Conference, to be held at the Little Log House power show grounds just outside of Hastings, Minnesota. See page 5 for a map to the grounds. It's easy to find--just a little way off Highway 61 onto 220th Street, then left into the grounds.

### This is our time to really shine.

☞ If you've been creative this year, bring your creations for showing in the newly designed gallery.

☞ If you need some inspiration, listen to our demonstrators, Randy McDaniel and Ward Binegar describe their renowned techniques and talents.

☞ Consider donating something to the live auction.

☞ Take in the silent auction and the tagalaters.

☞ If you have plants to share, bring them and maybe take home some new ones.

☞ Create something special out of damascus waste, and win a prize!

☞ Learn how to do scrimshaw.

☞ Learn how to do repousse on an Altoid tin.

☞ Purchase LOTS of tickets for the raffle. You could win a handmade coal forge, a box of many hand made blacksmithing tools, or a very nice leg vise and companion stand.

Register as a family for the entire conference for \$35. For one day only your family can register for \$20. Meal tickets for the conference are \$35 per person, and we need to know if you want a meal ticket by September 17. You can register any time, either in advance or at the conference. Send in your registration to:

The Guild of Metalsmiths  
PO Box 11423  
St. Paul MN 55111

## Forum deadline for October: Monday, Sept. 20, 2004

If you have activities that will be occurring in October or November, please send them by Monday, Sept. 20, 2004 to **Georgia Myers**, editor, by e-mail to:

**[forum@metalsmith.org](mailto:forum@metalsmith.org)**  
(e-mails will be forwarded to Georgia Myers)  
or mail them to:  
**Georgia Myers**  
**313 Dakota St**  
**Lake City MN 55041**

*The Guild of Metalsmiths, St. Paul, MN, publishes the GoM Forum monthly. It is intended as a tool to further our educational mission, to keep members up to date on current happenings, to publicize projects and workshops, a place for all members to express their opinions, concerns, learn more about each other—in short, to help us run our organization.*  
*For address change, or to submit comments, please mail to: The GoM Forum*  
*Georgia Myers*  
*313 Dakota St*  
*Lake City, MN 55041-1869*  
*or e-mailed to*  
*[forum@metalsmith.org](mailto:forum@metalsmith.org)*

## Guild educational grants

There is grant money available for Guild members to study intermediate and advanced metalworking techniques.

The Guild educational grant program is designed to bring new skills into the metalworking community. Participants are given money to pay for a portion of their expenses and are expected to learn some new or poorly understood skill, and then to share what they have learned with other members and the public through an article in our quarterly magazine, "The Metalsmith." They're also expected to lead a workshop on the topic (or other educational service approved by the board).

Application forms are available from the president or treasurer at a regular meeting, or by sending a self-addressed, stamped envelope to:

The Guild of Metalsmiths  
PO Box 11423  
St. Paul MN 55111

ABANA Affiliate Liaison Letter  
August, 2004

Hello! What a great conference we had in Kentucky! There were plenty of activities to keep everyone very busy. The demonstrations were exceptional, the galleries were wonderful and the camaraderie was unmatched. Everything went as planned. If you were there, you were lucky. If you weren't there, maybe you can make the next one in Seattle, Washington in 2006. Contact Conference Chairman Jerry Kagele at [kagele@aol.com](mailto:kagele@aol.com), he will have a lot of volunteer positions to fill.

The next free goodies to the Affiliates will be a copy of the winning conference poster by Pamela Webb of Denver, Colorado. You can use this collectable poster as an 'Iron-in-the-Hat' item, an auction item or to start a collection for your affiliate's gathering place. They will be mailed out next week, so expect them soon.

Pictures from the conference will soon be available on a CD from the ABANA store on the web site. Speaking of the web site, [www.abana.org](http://www.abana.org) it now has drop-down menus to help you find your way more easily. Some highlights of the conference, photographed by our own Brian Gilbert can be seen here: <http://lametalsmiths.org/news/images/2004/index.htm>

Don't forget to send in your election ballots, found in the latest issue of The Anvil's Ring. There will be a very nice prize for one lucky voter. The winner MUST be able to produce their stub with the winning number on it.

The ABANA Board Meeting will be held October 28-30, 2004 in Seattle, Washington. This meeting is open to any ABANA member who wishes to attend. If you have an issue to discuss and cannot attend the meeting, you should have your Affiliate Representative present it to one of the ABANA Board members ASAP so it can find a spot on the agenda. Who is your affiliate rep? Check here: [http://magichammer.freesevrs.com/affiliate\\_liaison\\_representative.htm](http://magichammer.freesevrs.com/affiliate_liaison_representative.htm)

If your affiliate is not represented, talk to your officers about it. All of the groups should have a representative. All of the reps need to sign up to the Affiliate Liaison e-mail list. Information can be found here: [http://www.abana.org/affiliates/affiliate\\_email\\_list.shtml](http://www.abana.org/affiliates/affiliate_email_list.shtml)

This list will become the basis for the Affiliate Liaison Program.

Map to the Fall Conference...

### For our amateur digital photo buffs, here's a suggestion for a conference live auction item

Burn a CD of digital images you've captured of fall conference demonstrators, gallery items, meeting show-n-tell items, workshops, etc. They don't have to be museum quality images to be appreciated. Group shots are almost impossible to identify the people, but it would be nice to credit the metalsmith for images of finished products. This could be a collaborative effort among our digital camera enthusiasts.

### Found Art? Iron in the hat?

Bring in your steel junk for others to combine into works of art. At the conference, people who know what they are doing will be standing by ready to weld where you tell them. Then stick around to see what kinds of eclectic works of art we can produce!

## What to bring to the conference

- Weather in late September in the upper Midwest is unpredictable. It might be summer and then again, it might be winter. Have clothes in the car for all seasons. A rain slicker has come in handy the last couple of years, too.
- Those bleachers can get awfully cold if it is 45 degrees outside. And they are not exactly soft, either, so bring something insulating to sit on.
- Safety glasses! These are absolutely necessary if any of the demonstrators are using flux or a wire wheel.
- Gloves, especially for the kids. One of our conference activities is 'Found Object Art'. The raw materials may be sharp and/or dirty. (Don't worry, professionals will be around to do the actual welding. Contact Herb Fick, [fick@rconnect.com](mailto:fick@rconnect.com), if you want to volunteer to help with the welding.)
- Auction item donation(s).
- Gallery item(s). The more the better! Bring drawings or photos of already installed items. Work in progress is fine, too.
- Damascus Waste Product creation. Remember, 'a really nice prize' will be awarded.
- Plants/seeds/bulbs for the plant exchange.
- Odd stuff for the Found Object Art - the odder the better.
- Altoids Tins. We can always use more for the chasing/repousse activity. (If you are willing to spend an hour as lab assistant contact Sarah Delaney, [s-dela@umn.edu](mailto:s-dela@umn.edu).)
- Tail gate items. Make some money at the conference and spend it the same weekend.
- Tie out stake. Dogs aren't allowed inside buildings this year, but there is an area in the field set aside for them. Don't forget plastic bags for the doggy landmines. This wasn't as much of an issue in the past, but the grounds are now frequently used for wedding ceremonies and receptions. The grassy areas between and around the buildings need to be landmine-free. The idea of a wedding dress encountering a doggy landmine is too horrible to contemplate.
- Money! There will be auction items you'll want to bid on and a tail gater or 2 will have something you just have to have. And, of course, you'll want to buy some raffle tickets and T-shirt or a hat.

— Sarah Delaney, Program Committee

## We invite you to the mill in the valley... Tunnel Mill Fall Gathering October 2 & 3, 2004

Carol and John Adams invite you to the annual Fall Gathering at historic Tunnel Mill. It's that time of year, and there will be plenty of interesting demos...iron, glass, silver, pottery....

We'll be working on our iron-smelt process, and there will be plenty of blacksmithing demos, plus show and tell. There will also be an open forge time for other blacksmith projects.

We installed the grapevine gate and are still working on finishing touches, including lighting, and the grapes are still growing!

We'll have our usual Raku demo with the opportunity to do hands-on. We hope to be able to fire up our wood fire kiln again this year. Any volunteers to help cut wood?

Wine and cheese Saturday afternoon is also on the agenda.

**Fill out the registration form on the back and send it in by Monday, September 20.**

Historic Tunnel Mill near Spring Valley, Minnesota.

## ! SPECIAL ALERT FROM MEMBERSHIP DATABASE ADMINISTRATOR:

PLEASE CHECK THE DATE ABOVE YOUR MAILING LABEL ON THIS ISSUE OF THE FORUM. IF IT SAYS 2004.1, YOUR MEMBERSHIP HAS EXPIRED AND THIS IS YOUR LAST COPY OF THE FORUM.

## Late breaking Fall Conference news!

We have mentioned in an earlier Forum that one of our fall demonstrators, Randy McDaniel, wrote a popular Blacksmithing primer. Randy's publisher called me to see if there was a place for them to participate in Randy's visit to the conference.

The Publisher is Finney-Hobar. The representatives, Al Krysan and Ann Schmitz, made a short presentation to the program committee at our last meeting. The committee invited them to set up a two-table area to present and sell copies of Randy's book, "A Blacksmithing Primer, second edition".

In their words they are excited to participate in the Madness. They will share proceeds with the Guild. The publisher has an extensive catalog, and they will be offering a wide selection of books on blacksmithing, metal work, and related crafts at the Madness.

The publisher is an ABANA member, and as of Thursday a member of The Guild. Check them out at [www.chesterbookco.com](http://www.chesterbookco.com), and [www.finney-hobar.com](http://www.finney-hobar.com) or even call at 800-888 8515. They are based in St Louis Park. They are described as a publisher and distributor of educational materials.

—*Herb Fick*

# Share a Shop

One of the most frustrating hurdles for a beginner in blacksmithing, or any of us in this situation for that matter, is not having a place to do blacksmithing. Even though there are opportunities during the year, especially during the busy summer and fall months, it can be difficult to find anywhere to learn and practice the craft.

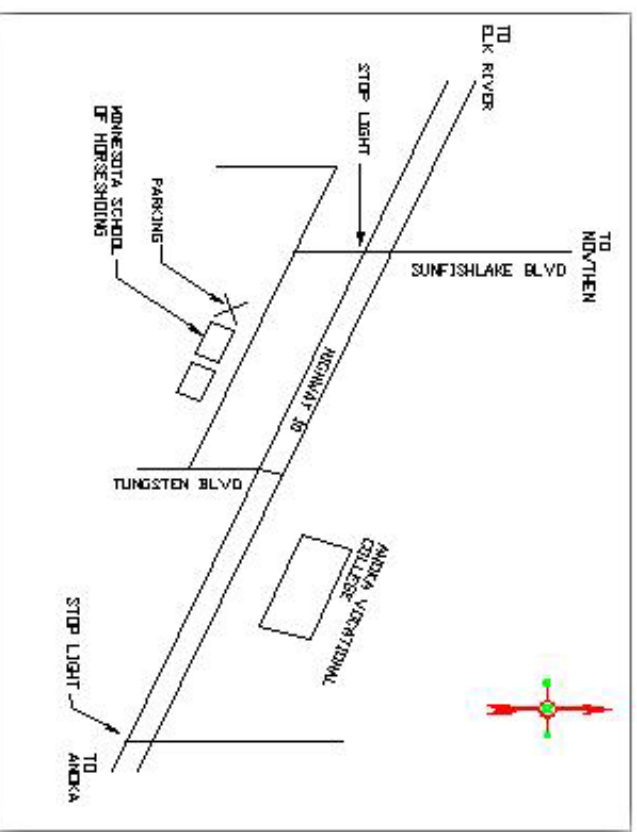

We offer three beginning blacksmithing classes each year, eight students per class. That's twenty-four new blacksmiths each year who probably don't have a shop set up yet. These are people who are eager to learn more about this craft we all love so dearly.

Our Education Committee is developing a new program to address this situation. We are calling it the **Share a Shop Program**. The concept is simple. It is opportunity for those of us who have a shop to share a morning, afternoon or evening in our shop with someone who doesn't have one. We want to compile a list of people who don't have a shop and would like to spend time with some one who has. The list would have their name, place of residence and phone number. We will publish this list in the *The Forum*. Once this list is out, we ask that you take a minute and see if there is some one on this list that lives in your area. Give him or her a call, and invite them over to your shop and share a little of your time and talent with them. The rewards will be mutual.

So, if you are searching for some place to hit hot metal, send your name, address and phone number to **Georgia Myers**, [gmyers@rconnect.com](mailto:gmyers@rconnect.com), and reference in the subject line "Share a Shop list". The list will be published in *The Forum*, and with a little luck, some one in the Guild just might give you a call to come over to their shop.

— *Jim Moenck, Education Committee*

## Map: Minnesota School of Horseshoeing

### Help Wanted!

New Ulm, Minnesota is celebrating their 150th anniversary, and in so doing, is restoring their Hermann Monument, voted by U.S. Congress in 2001 as a national symbol for all Americans of German descent.

According to Guild member **Gene Olson**, they have a lot of soldering to do and are looking for someone that is good at soldering copper to assist them so they can be finished before cold weather sets in.

The Hermann statue has been taken down from the top of the monument and is on the ground surrounded by scaffold (you don't have to worry about being 30 ft up on a statue that normally sits on top of a 102 ft monument). If you are interested in this, or know somebody you think would do a good job, contact:

Steve Servis  
Conservation Solutions, Inc.  
503 C Street NE  
Washington, DC 20002  
301-758-9687 - cell phone  
Email: [steveservis@conservationsolution.com](mailto:steveservis@conservationsolution.com)  
[www.conservationsolution.com](http://www.conservationsolution.com)

New Ulm is west of Mankato and East/South/East of Redwood Falls.

## Call from committee redoing 'Blacksmithing Study Guide'

**From the desk of Don Halverson, Chair, Committee for the Blacksmithing Study Guide**

The "Blacksmithing Study Guide" for the Guild of Metalsmiths has now been in circulation for five years. It was published and has been made available for our beginning blacksmith classes since the 98-99 winter school season.

In the spirit in which it was prepared by two very accomplished blacksmiths, **Bob Fredell** and **Pete Stanaitis**, I am asking you to help us in the continuing process of improving and enhancing this valuable asset to the guild. It is the intent that this study guide be expanded and revised, and to do this we need your input.

**What do we want?** We want the notes and revisions that you've jotted down in your copy of the study guide.

**What else do we want?** We want you to read the back of the cover sheet to your study guide, and if you could help start some of these new sections, we would like you to join or send your material to the Committee for the Blacksmithing Study guide.

**What are we trying to create?** We want to create a group to plan, collect, and prepare the materials to make the Blacksmithing Study Guide start growing in the way the original authors intended.

Every great journey starts with a single step. This is step one.

Please send material to:  
Don Halverson  
1009 Case Ave.  
Saint Paul, MN 55106

or e-mail at [scrolling8@aol.com](mailto:scrolling8@aol.com)

If you would like to be informed about meetings for the Committee for the Blacksmithing Study Guide, you may also contact me at 651-772-3087, and I will add you to my list. Thank you.

—Don Halverson

# The Guild of Metalsmiths Beginning Blacksmithing Workshops 2004-2005 Program Year

---

Important: this is the only notice you will receive on the Beginning Blacksmith Workshops

The Guild of Metalsmiths comprehensive workshop in beginning basic blacksmithing processes is designed for people with little or no experience. After completing the beginning blacksmithing workshop, the student will be able to complete Unit 1, "Conquering the Basics" and Unit 2, "Beginning Projects" in The Blacksmithing Study Guide. Please note-We do not issue copies of "The Blacksmithing Study Guide" to non-members. Therefore, membership in the Guild of Metalsmiths is required in order to take the workshop.

### The course of instruction

Each workshop consists of four all day sessions. The primary instructional emphasis is on the student learning and practicing the basic (also known as traditional) blacksmithing processes of fire control, drawing out, upsetting, punching, bending, twisting, slitting and heat-treating. Safety is always stressed. In these workshops, we concentrate on practicing the basic blacksmithing processes rather than immediately making an item because the blacksmith must be well grounded in the basics.

As the workshop progresses from one session to the next, students will make one, or perhaps two, hand forged items requiring use of the skills they have learned.

The cost of a four session workshop varies depending on your situation (see the registration form, pages 11 & 12). The fee includes use of the tools that you will need, coal and iron stock that you will use, and a copy of "The Blacksmithing Study Guide" if you are a new member. **Exception:** if you already have a copy of "The Blacksmithing Study Guide," you will not receive nor pay for a second copy.

**NOTE:** Beginning Blacksmithing Workshops are held at the Minnesota School of Horseshoeing. See map on page 13.

---

# Beginning Blacksmithing Workshops Registration Form

Workshop location: Minnesota School of Horseshoeing

6250 Riverdale Drive NW  
Ramsey, MN 55303  
(Just north of Anoka, one block south of  
the intersection of Hwy 10/169 and  
Sunfish Lake Boulevard.)

Workshop Time: 9:00 a.m. to 4:30 p.m. All classes are held on Saturday.

Bring hearing and eye protection, appropriate work gloves, and a blacksmith hammer to all sessions.

Sign up soon. These workshops will fill quickly and have historically been full by the end of the Fall Conference.

Tear Here

Please sign up for one of the three workshops listed below. Each workshop contains four sessions. Please select the workshop in priority order A, B, or C.

<b>Workshop A</b>	<b>Workshop B</b>	<b>Workshop C</b>
October 23, 2004	January 8, 2005	February 12, 2005
November 6, 2004	January 22, 2005	February 26, 2005
December 4, 2004	February 5, 2005	March 12, 2005
December 18, 2004	February 19, 2005	March 26, 2005

**DETACH & RETURN WITH THIS FORM WITH PAYMENT**  
Registration deadline: After the Fall Conference on October 9, 2004

Note: In the past years classes were filled during the Fall Conference. This year the classes are starting Oct. 23 so your registration form must be received by October 9.

Fill out information on back of this page, tear off, and return as instructed.
