Joining The Guild of Metalsmiths?

Please introduce yourself. Each month we welcome new members to the Guild and offer them a chance to tell us a bit about themselves. (who you are, your goals as a metalsmith, the services you provide, products you make, etc.) Whatever you want to share is fine. So, give us a statement of interests/services up to 254 characters long (letters and spaces). This statement is also printed in the member directory (optional).

See you at the April Guild meeting April 11 at historic Fort Snelling

Plan now for the April 11th Guild Meeting at historic Fort Snelling. This is a Guild-sponsored event. For directions, call 612-726-1171 (recorded message has directions)

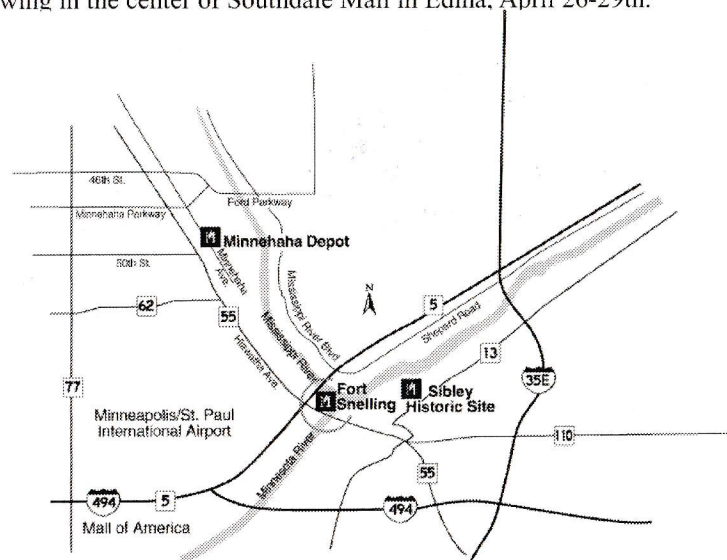

Potluck starts at 6:30 PM, and the meeting will start at 7 PM.

Historic Fort Snelling will host the April 11 Guild meeting. Both the Clockmakers Guild and the Woodworkers Guild are invited.

The meeting will be held at the History Center Auditorium.

John Yust will be giving a slide presentation on European architectural Ironwork.

Circle the date on your calendar and don't forget to bring your Show-and-Tell items. This is a great opportunity for the metalsmiths, clock makers, and woodworkers to get together and share their knowledge and expertise. **Special note:** The Woodworkers' Guild has a big annual public showing in the center of Southdale Mall in Edina, April 26-29th.

Forum deadline for May: Monday, April 16, 2007

The deadline for The Forum is always the third Monday of the month. If you have activities that will be occurring in the next few months and wish to have them published in the next Forum, please send them by Monday, April 16, 2007 to Georgia Myers, editor, by e-mail to:

The Guild of Metalsmiths, St. Paul, MN, publishes the GoM Forum monthly. It is intended as a tool to further our educational mission, to keep members up to date on current happenings, to publicize projects and workshops, a place for all members to express their opinions, concerns, learn more about each other—in short, to help us run our organization.

Guild educational grants

There is grant money available for Guild members to study intermediate and advanced metalworking techniques.

The Guild educational grant program is designed to bring new skills into the metalworking community. Participants are given money to pay for a portion of their expenses and are expected to learn some new or poorly understood skill, and then to share what they have learned with other members and the public through an article in our quarterly magazine, "The Metalsmith." They're also expected to lead a workshop on the topic (or other educational service approved by the board).

Application forms are available from the president or treasurer at a regular meeting, or by sending a self-addressed, stamped envelope to:

Final request: coffee crew needed to continue Guild potlucks

All right, now, this is the last article I'm writing about our search for a coffee crew.

Remember, members, if no one volunteers for this position, there will be no reason to have "pot luck dinner at 6:30" written in "The Forum" for the next meeting.

Now this may read like I'm yelling, but truly, I'm begging. I picture in my mind the way our meetings go. I can see the conversations in the long line, the hellos and "good to see you tonight." I see people smiling.

So, folks, if you want to see, "pot luck at 6:30," we have to do something. A new member of the program committee, Nick Heinen is going to "temporarily" take this position. Thank him at the next meeting.

Remember, more than one person can organize and take on this important contribution.

Long-term planning committee charged to update GoM bylaws

The Long-term Planning Committee has been charged by the Guild of Metalsmiths Board of Directors to update the GoM bylaws if and as needed.

The committee is looking for Guild members who are interested in participating in this task. This is to be a single-purpose membership to this committee, not a long-term obligation.

The intent is to do this work electronically because of commute distances. However, non-computing members who have an interest in helping would be welcomed and accommodated.

It is desired to have the group established and work under way by the end of April, 2008.

If you wish to help on this project, please contact Gary Myers at gmyers@rconnect.com, or by mail at 413 Dakota St, Lake City, MN 55041.

For those Guild members who are concerned about specific points but do not want to work on the whole project, your input is also needed. Please send your comments to the above locations.

Let's accomplish change by being involved. Volunteer!

— Gary Myers, Long-term Planning Committee Chair

Education Committee-Jim Moenck

The Education Committee for the Guild of Metalsmiths met on February 21, 2007. The meeting was called to order at 7:15 P.M. The minutes from the January 17th meeting were read and approved. The remaining classes for 2007 were reviewed. No additional classes will be scheduled.

The committee discussed how to keep students active after completing the Basics classes. Everyone agreed that the mentor program is a vital part of keeping new, and current, members active in the Guild. Expect to see more of this program in the future.

Scheduling for 2007/2008 has begun. The dates for the Basics classes were set, as well as the date for the instructor's workshop. Possible classes were determined and will be scheduled as we get instructors to teach them. Schedule will be posted in June.

Program Committee- Myron Hanson

Tom Phelps did do again an article or the Forum soliciting a guardian for the coffee. No takers yet.

Opportunity for artistic expression...

Dear Artists:

The UMD (University of Minnesota-Duluth) sports stadium is to be re-outfitted with a new fence. To design and appoint this fence we would like to have something akin to artistic grillwork installed at the top of a select sections along the fence line to illustrate UMD icons appropriate to field sports.

I ask that you might suggest an artist most fitting for such an idea, and/or to present proposals of your own. If you have interest, please contact me as soon as you can and we may discuss the idea further in terms of time-frame, costs, and materials.

Thank you for your consideration.

John has made the contact and did lock in the day. The contact is Kevin Milo. Wood will talk to the clock guild. Olson will talk to the Wood Workers Guild. Format of extended show and tell. We will be graced by a presentation by John Yust who will also act as Master of Ceremonies for the program.

June 13 2007

Champion: Dick Carlson - North Oaks blacksmith shop (Carl Nordquist) June is accepted. See if Ed Committee will help coordinate a treadle hammer demo for this event.

August 8 meeting

Tom Phelps is the champion. Tom will contact Dave Olin. The committee would like to do a presentation on design. Possible presenters are Marcia, Curt Engstrom, Tom Latane, or Gene Olson/Chris Wilson. Get the maps in.

Madness/Fall Conference: Sept 21, 22 and 23 2007.

Demonstrators for conference: Jay Close: Traditional blacksmith recommend by Bob Fredell and Pete Stanaitis. Bob Fredell will meet and pick up Close. We need a host or we will need to put him in hotel. Howard Clark: Knifemaker Clark is not available. Pete will book him for 19, 20 and 21 Sept 2008. Pete has a budget to make that arrangement. John Moriarty contacted Japhth Howard and has an agreement with him. Marty Hicks will put together a single page flyer to post at events this spring by the next meeting. Rich Herman suggested having Martin Pansch (a member of the GoM) bring his trebuchet to the Madness. There are several issues relative to getting permission from the Bauer's, researching liability issues, and the fact that Martin is in the Reserves and is subject to call-up at any time and may not be available next fall. Tentative approval was given for this. The Raffle was discussed for the Fall Conference. Last year we cleared \$516 from the raffle and it may not be enough to justify the effort. Tom Phelps will bring up 30th anniversary activities for the madness. Best of Metalsmith again? Verbal history?

New Business (program committee).

John Yust brought up the possibility of doing a demonstration at a blacksmith shop at St. Croix State Park at some time in the future. The local park rangers have suggested setting up a weekend display at the park. Need to get the remaining lighting purchased for the gallery. Rich Herman will put together a proposal for the board. There is a recommendation for the Education Committee to have another workshop to produce a Gate or other large item that would be auctioned at the fall conference. The item may be designed by John Yust. Would be nice to have it ready in time to display at the 2008 NMM conference. Next Program committee meeting is 15 March at the Hanson Conference Center.

Publicity Committee- Rich Herman

Rich Herman has not had an opportunity to transfer the committee to the new chairman, Roland Sigurdson. Roland will take Rich's responsibilities for the next Forum. Publicity is working on the next issue of the Metalsmith. Rich will do a president's message. He wants to work the conference into the message.

LONG TERM PLANNING COMMITTEE: Gary Myers, Chair

Tasks are: Bylaws update (volunteers have come forward)

Continued next page

Board meeting minutes from page 7

UNFINISHED BUSINESS:

Don Hammer describes some thoughts his Mentoring and Outreach Proposals. Don wanted the sheets he handed out last meeting. He suggests that his effort be a special project under the Board and the board agrees. He also suggests as part of the outreach that we develop a new membership category to cater to students. Notes from the group: Rich gets a lot of requests from the scout council. Barr does a lot of merit badge work in metal work. Motion by Fick to establish a Mentoring and Outreach Project coordinator reporting to the President under the direction of Don. Second by Moriarty and accepted.

Book Library:

Rich will contact Gavin to see where it is going. Moriarty will talk about the problem with the /St Paul Public library.

Coffee Crew: Tom has a couple of members who have come forward. Not real progress yet. He will try to separate the tasks of coffee preparation from plates and silver ware, and if there are no takers, the coffee will have to stop. He will publish again in the next Forum.

NEW BUSINESS:

Tool donations received. Three items are available to the Guild. Tig, Mig, and Plasma cutter. All three are large old and heavy. They could be sold or used. Moriarty believe they could be used at Nowthen. Moriarty moves that he see if they can be kept at Nowthen for further disposition. Seconded and accepted. Funding for addition to lights for gallery. Herman wants to buy lighting equivalent to what we did last year to double gallery lighting. Hanson moves to authorize Rich to spend up to \$400 on gallery lighting. Second Sigurdson and accepted by the board.

Directory:

Barr says it is time to gather all remaining loose copies and prepare to reorder. It will be a \$1500 to do what we did last time. He will gather the facts about a cheaper printed version for the next meeting.

ANNOUNCEMENTS:

Next Program Com meeting is 7 PM 16 March 2007 at Hanson Conference Center

Next Ed Com meeting is 6:30 22 March at Moenck's

Next Membership meeting is at Fort Snelling 11 April 2007

Next Board meeting is at Myron's house, 6:30 9 May 2007

Next Forum deadline is March 19th

Long Term Planning will become an e-mail effort. (See bylaws).

ADJOURNMENT: Sigurdson moves to adjourn at 9:12

News from Tunnel Mill...
